

I am a financial supporter of KLOVE radio, and have been for approximately 5 years. I currently send them \$120 a month. I listen mostly at 91.1 and 88.3. But as I travel around the state, I pick up other frequencies. I DO NOT wish to see any of those stations replaced by a lpfm station. I am a prosecutor and my job can be very stressful, dealing with people who are cruel. The music KLOVE plays is uplifting, soothing and a reminder that God is in charge and it gets me through the more stressful days. I realize that not everyone believes in God, but the music is encouraging, it is not about death, destruction, casual sex, and all the other garbage that mainstream music promotes. It is positive and encourages self respect, and the kind of behavior that all should strive for, even if not a believer. I believe our community, in fact all communities, would be greatly impacted, and negatively, if the KLOVE stations were lost. Without the option of listening to a positive message, kids will go back to listening to the crap, Police officers who listen to the calming music will lose the peacefulness that KLOVE brings and will be less calm when dealing with stressful situations on the street. I have heard testimonials on KLOVE from listeners how they contemplated suicide and a song on KLOVE stopped them from ending their lives. I have heard parents say that their kids are better kids, less rebellious and likely to get in to trouble since listening to KLOVE and Police Officers who say that they play it in their patrol cars and it calms the aggressive defendants. Please DO NOT replace any of the KLOVE signals with lpfm stations. I would be devastated to lose something that gives me such strength.
